

# This ia a President Who tells us That he was not telling us What he just told us:

Most probably ... I mean ... a disinfectant can kill that stuff in a minute ... even less than a minute.

We need some doctors, though, I can imagine, they could study how to get it inside the body, perhaps by injection or so, if you will...

and light is a therapy too, light and heat from the inside. In April all will be gone... it's a miracle!

December 2<sup>nd</sup>, 2020: 1'468.322 perished? So historical, btw: fake news! I paid giant taxes:750 bucks in 2 years, still could afford my \$70.000,- presidential haircut. Election stolen! Will soon pardon myself, buddies & family.

6 of 9 Justices now serving My interests: D. J. Stay! 2024! Forever!
